

MAYOR WOODWARD DENOUNCED AS CHAMPION OF "WIDE OPEN TOWN"

Administration Will Go on Record Not for Construction, But for Obstruction; Not for Achievement, But for Failure, Says Aldine Chambers.

BRUTAL CONVICT BOSS TACTICS ARE PURSUED BY MAYOR, HE ASSERTS

Says Woodward Is Friend and Refuge of Lawlessness and of Vice—Would Take Simple Word of Informants Before He Would Believe Chambers on Oath, Says Mayor.

In a statement fairly sizzling with indignation, Aldine Chambers Wednesday opened fire on Mayor James G. Woodward and bitterly denounced him both as a public official and private citizen, and in a series of charges undertakes to "show him up to the public as he really is."

The attack was provoked by certain statements made by the mayor in which he charged Mr. Chambers with affiliating with "certain influences" and with "dictating" the actions of council.

From the time of his inaugural message, on January 1, 1915, to the present time, Mr. Chambers says the mayor "has been engaged in a struggle with the city council."

SPENDS TIME IN ABUSE.

"Instead of winning the friendship and co-operation of council," said Mr. Chambers, "the mayor has spent his time in an everlasting tirade of abuse and vilification."

He charges that some members of council, at first disposed to co-operate with the mayor, have discovered they could do so only by "submitting to the most high-handed, arbitrary and intemperate dictation."

"They have learned," says Mr. Chambers, "that the mayor immediately and invariably transforms his friendship and praise to hatred and ruthless slander."

BRED DISSATISFACTION.

The most direct distinction and distrust and discord among the people," says Mr. Chambers, who declares "the type of administration which has been given to this city during the past few years, will go on record not for construction, but for obstruction."

He charges that the mayor "has been engaged in a struggle with the city council," and "has spent his time in an everlasting tirade of abuse and vilification."

WOODWARD'S STATEMENT.

Calling on the people to determine between the veracity of Aldine Chambers and himself, Mayor Woodward Wednesday issued a statement in answer to a statement by Mr. Chambers.

At the head of the list is the Atlanta Constitution.

FRANK'S PAPER USED IN HEARING OF MOTION EXTRAORDINARY FOR NEW TRIAL ARE SECURED BY COURT ORDER.

Does an order issued by Judge Ben Hitt Tuesday turning over to the attorney for Leo Frank certain papers and affidavits and other papers to the counsel for Leo Frank mean that the defense will spring a surprise on the proposed public commission hearing by making an unexpected attack upon the evidence introduced by the state at the sensational trial of Frank?

The affidavits turned over to Frank's lawyers at the command of Judge Hitt were all used in the motion extraordinary for a new trial.

CITIZENS BEHIND
BETTER SCHOOLS

Committee of One Hundred
Will Probably Be Named
to Probe Present System
of City Government.

The investigation of the city public schools, inaugurated by the Atlanta Woman's School Improvement club, is about to bring results. This culmination of a fight to better school conditions in the city came Wednesday when a body of inspection was made by a delegation of citizens.

At the suggestion of F. J. Paxton, president of the Retail Merchants' association, a committee of citizens will probably be appointed by the president of the chamber of commerce, M. R. Wilkinson, ten from each ward, for the purpose of making a thorough investigation of the present system of city government with a view of ascertaining why there are not better schools and improvements in all other city departments.

Mr. Paxton was with the citizens on the tour of inspection Wednesday and the others present agreed with him that such a committee should be appointed.

The demand for better schools may result in steps being taken for either a bond issue or for a complete remodeling of the municipal system.

The committee on the tour.

The following was the committee that visited three schools Wednesday: F. J. Paxton, president of the Retail Merchants' association; Mrs. R. M. Walker, president of the Atlanta Woman's School Improvement club; G. Adams, president of the city club; M. R. Wilkinson, president of the Atlanta Chamber of Commerce; St. Elmo Massengale, of the Ad Men's club; H. A. Maier and Julian V. Boehm, club of the eighth ward and patrons of the Tenth street school; and Lindsey Hopkins and Hugh Murray.

The tour was made at the request of Mr. Maier and Mr. Boehm in the purpose of showing that the Tenth street school was not the only school in the city that needed attention and to emphasize the fact that while some schools were almost perfect, others were woefully neglected.

Three schools were visited. The Glenn street white school, and the Summerhill negro school, which was a fine school.

The contrast was shown between the Lee street school, which was almost ideal in its equipment. The children in the Lee street school were one of the best in the city. The Summerhill negro school was pointed out as a disgrace to a city which claimed to be trying to educate and uplift the negro race.

A sample of the Negro Schools.

The first school visited was the Summerhill. There, the children were housed in 10 small rooms and the children had to be on duty at two daily sessions.

The children had to drink from faucets. The toilets were antiquated and insanitary. The city had ordered that the toilets be flushed once a few times a day because the amount of water used was too great.

A hall had been turned into a classroom. It measured only 21x10 feet and in it were seated twenty-three children. Their faces had to be turned to the only window that afforded light and some of the children were trying to sleep in semi-darkness.

There was an annex to the school in the shape of an old run-down residence with a leaky roof and falling plastering.

"So much," stated Mr. Maier to the committee, "for the educational facilities afforded our children."

Old Residence as a Schoolhouse.

The next school visited was the Glenn street school, located in some sort of a back street. It was formerly an old residence of three rooms. Two of the rooms are being used for class rooms in which forty children are huddled. So small are the rooms that the street is crowded by shields of tin to keep the children from getting burned.

There are no sewer connections and surface closets are used. A mud-puddle is made by the water from the faucet from which the children have to drink.

The children have tried to beautify the grounds by a vegetable garden in the rear, but the green plants look very dry out of place.

Yet on the wall is a motto which reads:

"The Child is King."

"It is a travesty," exclaimed Mr. Boehm, and those present agreed with him.

A Model School Is Seen.

The last visit was to the Lee street school in West End. There the committee found the conditions almost ideal.

Your Fiancee Should Have a Solitaire Diamond Engagement Ring

A solitaire diamond ring is the recognized emblem of betrothal when worn by a woman on the third finger of the left hand.

Diamond engagement rings are also quite popular in twin, triplet and cluster settings, and in combination with other precious stones.

It is always correct to give a diamond as an engagement gift. This custom never changes. Diamonds have been used for this purpose since time immemorial.

A diamond is the supreme symbol of value. They constantly enhance in value.

yard, a fine playground in the rear, an open-air school as an annex, with dining room and kitchen, shower baths and all the necessary equipment for a practical education. The city street school was pointed out as a model for the city to copy after.

After seeing the worst and the best in Atlanta, the delegation was returned to the city.

When the tour of inspection was over Mr. Paxton offered his suggestion for the appointment of a committee of 100. That suggestion will probably be acted upon, and it may solve not only the school situation, but other failures of city government to give to the people what they demand and what they think they are entitled to.

BRANDON AND HYNDY
FORM NEW LAW FIRM

The new firm of Brandon and Hynds removed yesterday to their offices, 102-8 Empire building.

The firm consists of Morris Brandon, formerly a member of the firm of Ross, Brandon, Slaton & Phillips; John A. Hynds, former Washington solicitor of the city court; Robert M. Strickland, Jr., and Virlyn B. Moore. Both

Brandon and Hynds have for a long time ranked as prominent members of the Atlanta bar, each having an extensive and varied experience in large interests. Messrs. Moore and Strickland are both young members of the bar, but of high standing.

Mr. Brandon has been in intimate contact with the bar of the state for a quarter of a century, ranking among the best legal minds of the state and having conducted or been associated with some of the most important litigation that has taken place in the state.

Mr. Hynds has for the past ten or fifteen years made a brilliant record and probably no lawyer of his age in the state enjoys a more extensive acquaintance than he does.

The new firm becomes at once one of the strongest legal partnerships of the state.

ROMANS EAGER FOR HIGHWAY

CIVIL HIGHWAY MEETING, ROME, VA.

Great crowds thronged Rome during the recent highway meeting, showing the intense interest that is being taken in the fight that is being made to have the proposed Dixie highway pass through this point. The interest of the people is being reflected by county commissioners who are hard at work improving the roads along the proposed Rome route.

HIGHWAY SEEKERS
FROM ROME MAKE
CALL ON ANDERSON

Macon, Ga., May 5.—(Special.)—A delegation composed of thirty-two of the first business and professional men of Rome visited Macon today to press their claims before W. T. Anderson, one of two Dixie highway commissioners for Georgia, for having the highway include Rome as one of the points it will touch between Chattanooga and Atlanta.

The delegation met with Mr. Anderson and explained to him why they think their city should be included in the route. They were not able to gain a single indication from Mr. Anderson as to his view about the matter, but he assured them he would give it the consideration it deserved.

HITCHCOCK TWIRLS
AGAINST SENIOR

This Seems to Be Dope in the First Georgia-Tech Game on Friday Here.

The dope on the first game between the Red and Black of Georgia and the Gold and White of Tech at Grant field Friday seems to be that Hitchcock will twist the first game of the series for the Georgians with Senter working for the Jacks.

If this proposition is carried out the big crowd that is certain to be out to the game will be treated to one of the best games that has ever been witnessed on the local field, with honors about even.

The advance sale of tickets at Tumlin Brothers denotes one of the biggest crowds that has ever witnessed college games in Atlanta on both days.

Both coaches are anxious about their batting orders at the present writing. They will hardly announce them until the day of the game.

BOUTS AT COLUMBIA
HAVE BEEN CANCELLED

The bouts scheduled for Friday night at the Columbia theater have been canceled by Promoter Mike Saul. The cancellation was due to the fact that Hamilton had left the city and Mike did not want to take a chance with a substitute bout.

FARLINGER TO OPPOSE
INCREASED INSURANCE

Will Ask Council to Act on His Ordinance Extending City Fire Limits.

Councilman A. W. Farlinger stated Wednesday that he would, at the next meeting of the general council, ask for action on an ordinance he introduced some time ago relating to the city fire limits so as to include commercial territory.

"Last week insurance rates on apartment houses were increased about 20 per cent because of the fact that they have wooden shingled roofs," said Mr. Farlinger. "If the fire limits are extended they will include these buildings and will mean that no more wooden shingles will be allowed."

The ordinance affects those streets that are being covered by insurance districts into business districts, as presently on Marietta and Peachtree streets.

"The passage of this ordinance will mean a saving of thousands of dollars annually to property owners. Last year there was an increase of 25 per cent in the cost of insuring property."
